The Willis Cemetery is on Marye's ridge overlooking the Fredericksburg Battlefield Visitors center in Fredericksburg. It is about 150 yards from the visitor center parking lot to the cemetery and a climb of about 50 feet and is reached by taking a walking path thru the National Cemetery. There is an old driveway available for those with "accessibility needs" to drive to the top of the hill and park on level ground near the cemetery. This parking space is limited.

If you haven't done so already, please let President Simpson know of any one who will need assistance.

General parking for the service is in the Fredericksburg Battlefield Visitors' Center. From I-95 take the Route 3 East exit. Drive East approximately 2 miles until you reach a traffic light at the intersection of Route 3 (also called the Blue and Gray Parkway) with Business Route 1 (also called Lafayette Blvd.). Turn left and drive approximately 1/2 mile to the Fredericksburg Battlefield Visitor Center, which is on the left.

Information on the battlefield can be found at <http://www.nps.gov/frsp/fburg.htm>

Please contact Secretary Conway Richardson at 540-548-2112 or conway38@earthlink.net to let him know if you will or will not attend. He will also need to know which of the seven (7) menu items you wish to order. The menu items are numbered 1-7.
